### **Hanwha SolarOne Signs 13 MW Module Supply Contract in China**

SHANGHAI, December 11, 2013 /PRNewswire/ Hanwha SolarOne Co. Ltd. (the “Company”, or “Hanwha SolarOne”), a top-10 global photovoltaic manufacturer of high-quality, cost-competitive solar modules, today announced it has signed a contract with Zhejiang Zhentai New Energy Development Co., Ltd. (a member of the “Chint Group”) to supply modules with capacity of 12.96 MW. The modules are scheduled for delivery in December 2013 and will be installed in a utility-scale project in Yongchang, Gansu Province.

Mr. Jay SEO, Chief Financial Officer of Hanwha SolarOne and head of Hanwha SolarOne’s downstream business commented, “We continue to focus on improving our competitive position in the China market and this new contract adds to our recent success”. Mr. SEO added “We now have a backlog of over 250 MW in China, have begun development of a strategic partnership with Jiangsu Zhongtian Technology, completed several sizeable module supply contracts, are building an EPC competency, and secured a framework credit line with Bank of Beijing for RMB 3.5 billion (approximately US\$574 million) over the next three years, providing us the flexibility to fund future downstream projects (IPP) as they develop, without unnecessarily leveraging the balance sheet near-term.”
