Solarfun to Participate in 2010 SNEC PV Power Expo

SHANGHAI, May 4, 2010 /PRNewswire via COMTEX News Network/ -- Solarfun Power Holdings Co., Ltd. ("Solarfun" or the "Company") (Nasdaq: SOLF), a vertically integrated manufacturer of silicon ingots and photovoltaic ("PV") cells and modules in China, will exhibit its products at the Shanghai New Energy Committee ("SNEC") 4th International PV Power Expo in Hall W4, Booth T4020 at the International Expo Center in Shanghai, China, from May 5 to 7, 2010.

About Solarfun

Solarfun manufactures both PV cells and PV modules, provides PV module processing services to convert PV cells into PV modules, and supplies solar system integration services in China. Solarfun produces both monocrystalline and multicrystalline silicon cells and modules. Solarfun sells its products through third-party distributors, OEM manufacturers and directly to system integrators. Solarfun was founded in 2004 and its products have been certified to TUV and UL safety and quality standards.
