

Solarfun VP of Technology to Present Webinar on Grid-Parity on December 20th, 2010

Dr. Mohan Narayanan presents "The Truth Behind Grid-Parity"

SHANGHAI, Dec. 16, 2010 /PRNewswire/ -- Solarfun Power Holdings Co., Ltd. ("Solarfun" or the "Company") (Nasdaq: SOLF), a vertically integrated manufacturer of silicon ingots, wafers and photovoltaic ("PV") cells and modules in China, today announced it will be holding a webinar on December 20, 2010, presented by Dr. Srinivasamohan "Mohan" Narayanan, Vice President of Technology at Solarfun.

In his presentation, *The Truth Behind Grid-Parity: Eight Things You Should Know*, Dr. Narayanan will debunk misconceptions about grid-parity and examine the factors impacting long-term, sustainable growth within the global PV industry.

"We must better understand the reality and limitations of grid-parity in order to customize strategies for success," commented Dr. Narayanan. "In gaining a true understanding of grid-parity, we're able to assess strategies that will allow us to continue to provide renewable energy in various markets across the globe."

The Truth Behind Grid-Parity presentation will be hosted by *Renewable Energy World* and broadcasted live on Monday, December 20, 2010 at 10:00 AM EST. Registration for the webinar is free via the *Renewable Energy World* website: <http://www.renewableenergyworld.com/rea/events/the-truth-behind-grid-parity-8-things-you-should-know1>.

About Solarfun

Solarfun Power Holdings Ltd. (NASDAQ: SOLF) is a leading manufacturer of solar PV cells and modules in China, focusing on delivering high quality and reliable products at competitive prices. Solarfun produces its monocrystalline and polycrystalline products at its internationally certified, vertically-integrated manufacturing facilities. Solarfun partners with third-party distributors, OEM manufacturers, and system integrators to sell its modules into large-scale utility, commercial and governmental, and residential/small commercial markets. Solarfun maintains a strong global presence with local staff throughout Europe, North America, and Asia. Solarfun embraces environmental responsibility and sustainability by taking an active role in the photovoltaic cycle voluntary recycling program. For more information, visit: www.solarfun-power.com.
