

Solarfun to Participate in the 25th European Photovoltaic Solar Energy Conference and Exhibition

SHANGHAI, Sept 01, 2010 /PRNewswire via COMTEX News Network/ -- Solarfun Power Holdings Co., Ltd. ("Solarfun" or the "Company") (Nasdaq: SOLF), a vertically integrated manufacturer of silicon ingots, wafers and photovoltaic ("PV") cells and modules in China, today announced that it will exhibit its products at the 25th European Photovoltaic Solar Energy Conference and Exhibition ("EU PVSEC") at the Feria Valencia in Valencia, Spain. The Company will set up a booth on Level 2, Hall 1, Booth C11 from September 6 to 9, 2010.

Solarfun will display some of its most popular monocrystalline and polycrystalline modules, including the Company's latest "Black Diamond" modules, its newest high-output light-weight "E-Star" modules, its visually appealing high quality "Green House" modules, and its all-new "SolarIris" building integrated PV ("BIPV") modules. The rest of Solarfun's product lineup will also be on display.

Dr. Peter Xie, President of Solarfun commented, "We are excited to exhibit our latest products at the 25th EU PVSEC conference. Our newest product lines include enhanced features such as advanced visual aesthetics, higher output power per unit, lighter weight, and a number of other unique features that differentiate our products from those of our competitors. We welcome people to visit our booth and meet us at the conference."

About Solarfun

Solarfun Power Holdings Ltd. (NASDAQ: SOLF) is a leading manufacturer of solar PV cells and modules in China, focusing on delivering high quality and reliable products at competitive prices. Solarfun produces its monocrystalline and polycrystalline products at its internationally certified, vertically-integrated manufacturing facilities. Solarfun partners with third-party distributors, OEM manufacturers, and system integrators to sell its modules into large-scale utility, commercial and governmental, and residential/small commercial markets. Solarfun maintains a strong global presence with local staff throughout Europe, North America, and Asia. Solarfun embraces environmental responsibility and sustainability by taking an active role in the photovoltaic cycle voluntary recycling program. For more information, visit: www.solarfun-power.com.
